PROFILE

Motivated IT student currently studying IT Programming at Unicollege Westrand, having already completed the IT Technical stream. Holds CompTIA A+, Network+, and IT Fundamentals (ITF+) certifications, plus six passed Certiport Information Technology Specialist exams covering Python, JavaScript, databases, and web fundamentals. Seeking an entry-level IT support, junior developer, or internship opportunity to apply and grow these skills.

CERTIFICATIONS — IT TECHNICAL (COMPLETED)

Certification	Active Date	Expiration
CompTIA A+ ce	2025-09-19	2028-11-24
CompTIA Network+ ce	2025-11-24	2028-11-24
CompTIA IT Fundamentals (ITF+)	2025-05-23	Never

CERTIPORT ITS EXAMS — IT PROGRAMMING (IN PROGRESS)

All exams passed.

Exam	Date
Software Development	8/7/2026
Databases	7/24/2026
JavaScript	7/10/2026
Python	5/22/2026
HTML and CSS	3/27/2026
Computational Thinking	3/13/2026

TECHNICAL SKILLS

- Programming & Web Development: Python, JavaScript, HTML & CSS
- Databases: Relational database design and querying fundamentals
- Computational Thinking & Software Development Lifecycle
- Hardware & Troubleshooting: PC hardware, mobile devices, OS installation and configuration (CompTIA A+)
- Networking: Network architecture, protocols, security fundamentals, and troubleshooting (CompTIA Network+)
- IT Fundamentals: Core concepts across hardware, software, security, networking, and databases (ITF+)

EDUCATION

Unicollege Westrand

IT Programming — In Progress

- Studying software development fundamentals, including programming, databases, and web technologies

IT Technical — Completed

- Covered PC hardware, operating systems, networking, and troubleshooting; coursework aligned with CompTIA A+, Network+, and ITF+ certifications

EXPERIENCE

No formal work experience yet — currently focused on full-time studies and building technical skills through coursework, certifications, and practical exams (see above).
